Local Unit of Government Type <input type="checkbox"/> County <input type="checkbox"/> City <input type="checkbox"/> Twp <input type="checkbox"/> Village <input checked="" type="checkbox"/> Other		Local Unit Name COLEMAN AREA FIRE PROTECTION BD	County ISABELLA&MIDLAND
Fiscal Year End 6-30-06	Opinion Date 11-6-06	Date Audit Report Submitted to State 12.1.06	

We affirm that:

We are certified public accountants licensed to practice in Michigan.

We further affirm the following material, "no" responses have been disclosed in the financial statements, including the notes, or in the Management Letter (report of comments and recommendations).

YES NO

Check each applicable box below. (See instructions for further detail.)

1. ☒ ☐ All required component units/funds/agencies of the local unit are included in the financial statements and/or disclosed in the reporting entity notes to the financial statements as necessary.
2. ☒ ☐ There are no accumulated deficits in one or more of this unit's unreserved fund balances/unrestricted net assets (P.A. 275 of 1980) or the local unit has not exceeded its budget for expenditures.
3. ☒ ☐ The local unit is in compliance with the Uniform Chart of Accounts issued by the Department of Treasury.
4. ☒ ☐ The local unit has adopted a budget for all required funds.
5. ☒ ☐ A public hearing on the budget was held in accordance with State statute.
6. ☒ ☐ The local unit has not violated the Municipal Finance Act, an order issued under the Emergency Municipal Loan Act, or other guidance as issued by the Local Audit and Finance Division.
7. ☒ ☐ The local unit has not been delinquent in distributing tax revenues that were collected for another taxing unit.
8. ☒ ☐ The local unit only holds deposits/investments that comply with statutory requirements.
9. ☒ ☐ The local unit has no illegal or unauthorized expenditures that came to our attention as defined in the *Bulletin for Audits of Local Units of Government in Michigan*, as revised (see Appendix H of Bulletin).
10. ☒ ☐ There are no indications of defalcation, fraud or embezzlement, which came to our attention during the course of our audit that have not been previously communicated to the Local Audit and Finance Division (LAFD). If there is such activity that has not been communicated, please submit a separate report under separate cover.
11. ☒ ☐ The local unit is free of repeated comments from previous years.
12. ☒ ☐ The audit opinion is UNQUALIFIED.
13. ☒ ☐ The local unit has complied with GASB 34 or GASB 34 as modified by MCGAA Statement #7 and other generally accepted accounting principles (GAAP).
14. ☒ ☐ The board or council approves all invoices prior to payment as required by charter or statute.
15. ☒ ☐ To our knowledge, bank reconciliations that were reviewed were performed timely.

If a local unit of government (authorities and commissions included) is operating within the boundaries of the audited entity and is not included in this or any other audit report, nor do they obtain a stand-alone audit, please enclose the name(s), address(es), and a description(s) of the authority and/or commission.

I, the undersigned, certify that this statement is complete and accurate in all respects.

Independent Auditors' Report

November 6, 2006

To the Board of Directors
Coleman Area Fire Protection Board
Midland and Isabella Counties, Michigan

We have audited the accompanying financial statements of the governmental activities and the major fund of Coleman Area Fire Protection Board as of and for the year ended June 30, 2006, which collectively comprise the Coleman Area Fire Protection Board's basic financial statements as listed in the table of contents. These financial statements are the responsibility of Coleman Area Fire Protection Board's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major fund of Coleman Area Fire Protection Board as of June 30, 2006, and the respective changes in financial position thereof for the year then ended, in conformity with U.S. generally accepted accounting principles.

Required Supplemental Information

The management's discussion and analysis and budgetary comparison listed in the table of contents are not a required part of the basic financial statements but is supplemental information required by U.S. generally accepted accounting principles and the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management, regarding the methods of measurement and presentation of the required supplemental information. However, we did not audit the information and express no opinion on it.

COLEMAN AREA FIRE PROTECTION BOARD
Management's Discussion and Analysis
For the Year Ended June 30, 2006

Our discussion and analysis of the Coleman Area Fire Protection Board's (Board) financial performance provides an overview of the Board's financial activities for the fiscal year ended June 30, 2006.

Financial Highlights

The Board's net assets increased by \$12,948 or 3%. Program revenues were \$139,059 or 93% of total revenues, and general revenues were \$10,810 or 7%.

Using this Annual Financial Report

This annual financial report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand Coleman Area Fire Protection Board financially as a whole. The *Government-wide Financial Statements* provide information about the activities of the whole Board, presenting both an aggregate view of the Board's finances and a longer-term view of those finances. The fund financial statements provide the next level of detail. As for Governmental activities, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements look at the Board's operations in more detail than the Government-wide financial. The following summarizes the presentation included in this annual financial report.

Management's Discussion and Analysis (MD&A) (Required Supplemental Information)

- Notes to the Financial Statements

Budgetary Information for the General Fund (Required Supplemental Information)

COLEMAN AREA FIRE PROTECTION BOARD
Management's Discussion and Analysis
For the Year Ended June 30, 2006

Reporting the Board as a Whole

The Statement of Net Assets and Statement of Activities

One of the most important questions asked about the Board's finances is, "Is the Board better or worse off as a result of the year's activities?" The Statement of Net Assets and the Statement of Activities report information about the Board as a whole and about its activities in a manner that helps to answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by private sector corporations. All of the current year's revenues and expenses are taken into consideration regardless of when cash is received or paid.

These two statements report the Board's net assets as a way to measure the Board's financial position. The change in net assets provides the reader a tool to assist in determining whether the Board's financial health is improving or deteriorating. The reader will need to consider other non-financial factors such as assessment base, and facility conditions in arriving at their conclusion regarding the overall health of Board.

Reporting the Board's Most Significant Funds

Fund Financial Statements

The Board's fund financial statements provide detail information about the most significant funds – not the Board as a whole. Some funds are required to be established by State law. Other funds are established to help it control and manage money for particular purposes or to meet legal responsibilities for using certain assessments, grants, and other sources of revenue. The general fund used by the Board is a governmental fund.

Governmental Funds

The Board's activities are reported in the governmental fund, which focus on how money flows into and out of the general fund and the balances remaining at year-end available for spending in future periods. This fund is reported using an accounting method called modified accrual accounting, which measures cash and other financial assets that can readily be converted to cash. The governmental fund statements provide a detail short-term view of the Board's general operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources available to spend in the near future to finance the Board's programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds is reconciled in the basic financial statements.

COLEMAN AREA FIRE PROTECTION BOARD
Management's Discussion and Analysis
For the Year Ended June 30, 2006

Board-wide Financial Analysis

The Statement of Net Assets provides the perspective of the Board as a whole. Exhibit A provides a summary of the Board's net assets as of June 30, 2006 and 2005:

Current liabilities	10,160	9,713
Long-term liabilities	<u>70,959</u>	<u>80,898</u>
Total liabilities	<u>81,119</u>	<u>90,611</u>
Net Assets		
Invested in property and equipment - net of related debt	364,350	370,887
Unrestricted	<u>151,473</u>	<u>131,988</u>
Total net assets	<u>\$ 515,823</u>	<u>\$ 502,875</u>

This analysis focuses on net assets. The Board's net assets were \$515,823 at June 30, 2006. Capital assets, net of related debt totaling \$364,350 compares the original costs, less depreciation of the Board's capital assets to long-term debt used to finance the acquisition of those assets. The debt will be repaid from assessments collected for operations of the Board.

The \$151,473 in unrestricted net assets of governmental activities represents the *accumulated* results of all past years' operations. The operating results of the General Fund will have a significant impact on the change in unrestricted net assets from year to year.

COLEMAN AREA FIRE PROTECTION BOARD
Management's Discussion and Analysis
For the Year Ended June 30, 2006

The results of this year's operations for the Board as a whole are reported in the statement of activities, as summarized in Exhibit B, which shows the changes in net assets for the years ended June 30, 2006.

Exhibit B	<u>Governmental Activities</u>	
	<u>2006</u>	<u>2005</u>
Revenue		
Program revenue:		
Assessments	\$ 136,059	\$ 135,500
Grant income	3,000	1,197
General revenue:		
Miscellaneous income	2,147	0
Gain on sale of equipment	5,000	0
Investment income	3,663	616
	<u>149,869</u>	<u>137,313</u>
Function/Program Expenses		
Public safety	132,439	146,285
Interest on long-term debt	4,482	4,909
	<u>136,921</u>	<u>151,194</u>
Increase (decrease) in Net Assets	<u><u>\$ 12,948</u></u>	<u><u>\$ (13,881)</u></u>

COLEMAN AREA FIRE PROTECTION BOARD
Management's Discussion and Analysis
For the Year Ended June 30, 2006

As reported in the statement of activities, the cost of all of our *Governmental type* activities this year was \$136,921. Certain activities were funded from those who benefited from the programs. We paid for the remaining "public benefit" portion of our governmental activities interest and miscellaneous revenues.

The Board experienced an increase in net assets of \$12,948. Key reasons for the change in net assets was the sale of the tanker truck, the receipt of a partial refund from the workers' compensation insurance premium and the receipt of donations to purchase foam and foam applying equipment from two local manufacturers. The increase in net assets differs from the change in fund balance and reconciliation appears in the financial statements.

The Board's Fund

The Board uses the general fund to help it control and manage money for particular purposes. Looking at this fund helps the reader consider whether the Board is being accountable for the resources taxpayers and others provide to it and may provide more insight into the Board's overall financial health.

The Board's governmental fund reported a fund balance of \$151,473, which is above last year's total of \$132,235. The schedule below indicates the fund balance and the total change in fund balances as of June 30, 2006 and 2005.

	<u>Fund Balance</u> <u>June 30, 2006</u>	<u>Fund Balance</u> <u>June 30, 2005</u>	<u>Increase</u>
General	\$ 151,473	\$ 132,235	\$ 19,238

Our General Fund increased \$19,238. The increase is mainly due the sale of the tanker truck and the receipt of a partial refund from the workers' compensation insurance premium. The increase in net assets is also due to fewer expenses in payroll. The Board did experience higher capital outlay expenses due to the purchase of a used tanker truck, jaws of life and several other small items.

COLEMAN AREA FIRE PROTECTION BOARD
Management's Discussion and Analysis
For the Year Ended June 30, 2006

As the graph below illustrates, 34% of the Boards' General Fund resources are spent on payroll and payroll related expenses. Another 11% is spent on repayment on the capital lease, while 25% is capital outlay expenses. The remaining 30% is spent on other expenditures as shown below.

Expenditures

COLEMAN AREA FIRE PROTECTION BOARD
Management's Discussion and Analysis
For the Year Ended June 30, 2006

The chart below compares current year expenditures with prior year.

	<u>2006</u>	<u>2005</u>
<i>Expenditures by Function</i>		
Current operations	\$ 83,897	\$ 88,931
Capital outlay	32,759	22,041
Debt service	<u>13,975</u>	<u>13,975</u>
 Total	 <u>\$ 130,631</u>	 <u>\$ 124,947</u>

Expenditures are up by \$5,684 over the prior year mostly due to the purchase of the used tanker truck and the upgrades made to the tanker in order for the tanker to be used by the fire department.

General Fund Budgetary Highlights

Over the course of the year, the Board revises its budget to reflect changes in revenues and expenditures. State law requires that the budget be amended to ensure that expenditures do not exceed appropriations. A schedule showing the Board's original and final budget amounts compared with amounts actually paid and received is provided in required supplemental information of these financial statements. There were no changes to the General Fund original revenue budget. The original expenditure budget incurred the following changes:

- Insurance expense budget was increased for higher premiums than originally expected. The Board also increased the budget for capital outlay due to the purchase of the tanker truck. These increases were off set by decreases in utilities and several other small operating expenses.

The differences between the budget and the final actual amounts are as follows:

- Actual revenues exceeded budgeted revenues by \$14,369. The difference is due an increase in grant and investment income. The Board also sold a vehicle for a gain of \$5,000.
- Actual expenditures were less than the budgeted expenditures by \$5,284. The difference is mainly due to decreases in payroll, insurance, dues and education and lease expenses.

COLEMAN AREA FIRE PROTECTION BOARD
Management's Discussion and Analysis
For the Year Ended June 30, 2006

Capital Assets

At June 30, 2006, the Board had a net investment of \$445,469 in a broad range of capital assets, including land, buildings, furniture, and equipment. This amount represents a net decrease (including additions and disposals) of \$15,782 or 3% from last year.

	<u>2006</u>	<u>2005</u>
Land	\$ 30,812	\$ 30,812
Buildings	225,000	225,000
Machinery and equipment	<u>635,076</u>	<u>609,029</u>
Total capital assets	890,888	864,841
Less accumulated depreciation	<u>445,419</u>	<u>403,590</u>
Net capital assets	<u><u>\$ 445,469</u></u>	<u><u>\$ 461,251</u></u>

This year's additions of \$26,047 were for a used tanker and the improvements to the tanker needed for fire department use. The Board also purchased jaws of life and foam application equipment and hoses.

We do not anticipate any significant additions to the capital assets in the upcoming year. We present more detailed information about our capital assets in the notes to the financial statements.

Debt

At the end of the year, the District had \$80,898 in long-term debt. Long-term debt consists of the following:

	<u>2006</u>	<u>2005</u>
Capital lease	\$ 80,898	\$ 90,364

COLEMAN AREA FIRE PROTECTION BOARD
Management's Discussion and Analysis
For the Year Ended June 30, 2006

Factors Expected to Have an Effect on Future Operations

We expect revenue from assessments to be comparable to the current year. We will need to adjust Board expenditures in response to any revenue shortfall.

Requests For Information

This financial report is designed to provide a general overview of the Board's finances for all those with an interest in the Coleman Area Fire Protection Board. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to:

Depreciation expense	(41,829)
Capital outlay	26,047
Repayment of capital lease is an expenditure in the governmental funds, but not in the statement of activities (where it reduces long-term debt)	9,466
Interest expense is recorded in the statement of activities when incurred; it is not reported in governmental funds until paid	<u>26</u>
Change in net assets of governmental activities	<u><u>\$ 12,948</u></u>

See accompanying notes to financial statements

COLEMAN AREA FIRE PROTECTION BOARD
Notes to Financial Statements
For the Year Ended June 30, 2006

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of Coleman Area Fire Protection Board (Board) conform to U.S. generally accepted accounting principles as applicable to governmental units. The following is a summary of the significant accounting policies used by Coleman Area Fire Protection Board.

Reporting Entity

The Board was organized to provide fire protection to residents of the City of Coleman, Warren and Geneva Townships in Midland County and Denver and Wise Townships in Isabella County. The accompanying financial statements present the government.

Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of changes in net assets) report information on all of the non-fiduciary activities of the primary government.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include, (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function, and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Other items not properly included among program revenues are reported instead as general revenue.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenue is recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

COLEMAN AREA FIRE PROTECTION BOARD
Notes to Financial Statements
For the Year Ended June 30, 2006

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenue is recognized as soon as it is both measurable and available. Revenue is considered to be available if it is collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting.

Assessments and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenue of the current fiscal period. All other revenue items are considered to be available only when cash is received by the Board.

The Board reports the following major governmental fund.

General Fund

The General Fund is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Assets, Liabilities, and Net Assets or Equity

Deposits and Investments

Cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with a maturity of three months or less when acquired. Investments are stated at fair value.

COLEMAN AREA FIRE PROTECTION BOARD
Notes to Financial Statements
For the Year Ended June 30, 2006

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Capital Assets

Capital assets, which include land, buildings and machinery and equipment are reported in the government-wide financial statements. Capital assets are defined as assets with an initial individual cost of more than \$1,000 and an estimated useful life in excess of 3 years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. Costs of normal repair and maintenance that do not add value or materially extend asset lives are not capitalized.

Buildings, vehicles, and equipment are being depreciated using the straight-line method over the following useful lives.

Buildings	40 Years
Machinery and equipment	5 to 12 Years

Long-term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities statement of net assets. The face amount of debt issued is reported as other financing sources. Issuance costs are reported as debt service expenditures.

Fund Equity

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

Use of Estimates

The process of preparing the basic financial statements in conformity with U.S. generally accepted accounting principles requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues, and expenses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

COLEMAN AREA FIRE PROTECTION BOARD
Notes to Financial Statements
For the Year Ended June 30, 2006

NOTE 2 – BUDGETS

The State of Michigan adopted a Uniform Accounting and Budgeting Act (Act) applicable to all local governmental entities in the state. The law requires appropriation acts to be adopted for General and Special Revenue Funds of governments prior to the expenditure of monies in a fiscal year.

Coleman Area Fire Protection Board follows these procedures in establishing the budgetary data reflected in the financial statements.

1. The Board's treasurer submits to the Board a proposed budget prior to July 1 of each year. The budget includes proposed expenditures and the means of financing them.
2. A public hearing is conducted to obtain taxpayer comments.
3. Budgeted amounts are as originally adopted, or as amended by the Board throughout the year. Individual amendments were not material in relation to the original appropriations. Budgets are adopted to the functional level.
4. Appropriations lapse at year-end. These appropriations are re-established at the beginning of the following year.

A comparison of actual results of operations to the budgeted amounts (at the level of control adopted by the Board) for the General Fund is presented as Required Supplemental Information.

NOTE 3 – DEPOSITS AND INVESTMENTS

Michigan Compiled Laws, Section 129.91, authorizes the local governmental unit to make deposits and invest in the accounts of federally insured banks, credit unions, and savings and loan associations which have an office in Michigan. The local unit is allowed to invest in bonds, securities and other direct obligations of the United States or any agency or instrumentality of the United States: United States government or federal agency obligations, repurchase agreements, bankers' acceptance of United States banks, commercial paper rates within the two highest classifications which mature not more than 270 days after the date of purchase, obligations of the State of Michigan or its political subdivisions which are rated as investment grade, and mutual funds composed of investment vehicles which are legal for direct investment by local units of government in Michigan. The Board's deposits are in accordance with statutory authority.

At year-end, the Board's deposits were reported in the basic financial statements in the following categories.

	<u>Governmental Activities</u>
Cash and cash equivalents	<u>\$ 143,257</u>

Custodial Credit Risk- Deposits

In the case of deposits, this is the risk that in the event of a bank failure, the Board's deposits may not be returned to it. As of June 30, 2006, \$49,080 of the Board's bank balance of \$149,080 was exposed to custodial credit risk.

The Board's investment policy does not identify interest rate risk, foreign currency risk or concentration credit risk.

The Board has no investments as of June 30, 2006.

NOTE 5 – LONG-TERM DEBT

Long-term obligation activity can be summarized as follows.

	Balance July 1, 2005	Additions	Retirements and Adjustments	Balance June 30, 2006	Amount Due Within One Year
Capital Leases	<u>\$ 90,364</u>	<u>\$ 0</u>	<u>\$ 9,466</u>	<u>\$ 80,898</u>	<u>\$ 9,939</u>

Coleman Area Fire Protection Board entered into a capital lease agreement in the amount of \$301,947 at an interest rate of 4.99% for ten years. The capital lease was used to purchase a Pierce Enforcer Pumper.

Depreciation of the vehicle being purchased by capital lease is included in depreciation expense. The following is a schedule by years of future minimum lease payments under capital leases as of June 30, 2006.

	Principal	Interest	Total
2007	\$ 9,939	\$ 4,037	\$ 13,975
2008	10,435	3,541	13,975
2009	10,955	3,020	13,975
2010	11,502	2,473	13,975
2011	12,076	1,899	13,975
2012-2013	25,991	1,957	27,950
	<u>\$ 80,898</u>	<u>\$ 16,927</u>	<u>97,825</u>
Amount representing interest			(16,927)
			<u>\$ 80,898</u>

NOTE 6 – RISK MANAGEMENT

The Coleman Area Fire Protection Board is exposed to various risks of loss related to property loss, torts, errors and omissions and employee injuries (workers' compensation). The Coleman Area Fire Protection Board participates in the Michigan Municipal League risk pool for claims relating to workers' compensation, general liability, and property/casualty claims. Settled claims relating to the commercial insurance have not exceeded the amount of insurance coverage in any of the past three fiscal years.

The Michigan Municipal League risk pool program operates as a common risk-sharing management program for local units of government in Michigan; member premiums are used to purchase commercial excess insurance coverage and to pay member claims in excess of deductible amounts.

The Michigan Municipal Risk Management Authority risk pool program operates as a claims servicing pool for amounts up to member retention limits, and operates as a common risk-sharing management program for losses in excess of member retention amounts. Although premiums are paid annually to the Authority, that the Authority uses to pay claims up to the retention limits, the ultimate liability for those claims remains with the Coleman Area Fire Protection Board.

The Michigan Municipal Risk Management Authority's State Pool program operates as a common risk-sharing management program for local units of government in Michigan. Member premiums are used to purchase excess insurance coverage and to pay member claims in excess of deductible amounts. A portion of the excess insurance coverage is underwritten by the Authority itself.

The Michigan Boards Participating Plan operates as an insurance purchasing pool for local units of government in Michigan. The Plan purchases commercial insurance on behalf of its members at a lower cost than would be available on an individual basis.

NOTE 7 – RELATED PARTIES

The Board has purchased services for vehicle and equipment maintenance during the year from businesses whose owner is also a member of the Board of Directors in the amount of \$2,898.

Coleman Area Fire Protection Board
P.O. Box 366
Coleman, Michigan

This letter is intended to inform the Board about significant matters related to the conduct of the annual audit so it can appropriately discharge its oversight responsibility and that we comply with our professional responsibilities to the Board.

The following summarizes various matters which must be communicated to you under U.S. generally accepted auditing standards.

The Auditor's Responsibility Under U.S. Generally Accepted Auditing Standards

Our audit of the financial statements of the Board for the year ended June 30, 2006, was conducted in accordance with U.S. generally accepted auditing standards. Those standards require we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether caused by error, fraudulent financial reporting or misappropriation of assets. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. Accordingly, the audit was designed to obtain reasonable, rather than absolute, assurance about the financial statements. We believe our audit accomplished that objective.

Management Judgments and Accounting Estimates

Accounting estimates are an integral part of the preparation of financial statements and are based upon management's current judgment. The process used by management encompasses their knowledge and experience about past and current events and certain assumptions about future events. Management has informed us they used all the relevant facts available to them at the time to make the best judgments about accounting estimates and we considered this information in the scope of our audit. These estimates are relatively insignificant in relation to the financial statements taken as a whole.

Audit Adjustments

For purposes of this letter, professional standards define a significant audit adjustment as a proposed correction of the financial statements that, in our judgment, may not have been detected except through our auditing procedures. Our audit adjustments were not significant.

Disagreements with Management

We encountered no disagreements with management over the application of significant principles, the basis for management's judgments on any significant matters, the scope of the audit or significant disclosures to be included in the financial statements.

Consultations with Other Accountants

We are not aware of any consultations management had with other accountants about accounting or auditing matters.

Major Issues Discussed with Management Prior to Retention

No major issues were discussed with management prior to our retention to perform the aforementioned audit.

Difficulties Encountered in Performing the Audit

We did not encounter any difficulties in dealing with management relating to the performance of the audit.

Other Matters

Internal Controls

Statement on Auditing Standard (SAS) No. 99, Consideration of Fraud in a Financial Statement Audit, requires auditors to assess risks of fraud after taking into account the evaluation of the Coleman Area Fire Protection Board programs and controls to prevent, deter and detect fraud. As part of our responsibilities under SAS 99, we have addressed the risk assessment related to fraud by performing inquiries, completing comprehensive checklists and performing other procedures designed to detect fraud risk factors. While we did not identify any specific fraud risks, we recommend the Board periodically review the controls in place, in order to demonstrate its responsibility for overseeing the Board's fraud risk assessment and monitoring process.

Compliance with Accounting Procedures Manual

It was noted during the audit that the Board does not require dual signatures on checks. It was also noted that bank reconciliations are not prepared on a monthly basis. Both of these procedures are required by the State of Michigan, Department of Treasury. It is recommended that the Board implement the use of dual signatures and reconcile the bank statement to the accounting records on a monthly basis. These procedures will represent that the Board practices due professional care in their management activities.

Closing

We will be pleased to respond to any questions you have about the foregoing. We appreciate the opportunity to continue to be of service to Board.

This report is intended solely for the information and use of the Board, management and the State of Michigan and is not intended to be, and should not be, used by anyone other than the specified parties.

Weinlander Fitzhugh
